NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Tabular amounts in millions, except per share data)

1. Financial Statement Presentation

We have prepared our accompanying unaudited Condensed Consolidated Financial Statements (Financial Statements) in accordance with the rules and regulations of the Securities and Exchange Commission (SEC) for interim financial information. Accordingly, they do not include all of the information and footnotes required by United States generally accepted accounting principles for complete financial statements. Therefore, we suggest that the accompanying Financial Statements be read in conjunction with the Consolidated Financial Statements and notes thereto included in our annual report on Form 10-K for the fiscal year ended December 25, 2004 (2004 Form 10-K). Except as disclosed herein, there has been no material change in the information disclosed in the notes to our Consolidated Financial Statements included in the 2004 Form 10-K.

Our Financial Statements include YUM! Brands, Inc. and its wholly-owned subsidiaries (collectively referred to as YUM or the Company). The Financial Statements include the worldwide operations of KFC, Pizza Hut, Taco Bell, Long John Silver s (LJS) and A&W All-American Food Restaurants (A&W) (collectively the Concepts). References to YUM throughout these notes to our Financial Statements are made using the first person notations of we, us or our.

In 2005, we began reporting information for our international business in two separate operating segments as a result of changes to our management reporting structure. The China Division includes mainland China (China), Thailand and KFC Taiwan, and the International Division includes the remainder of our international operations. While this reporting change did not impact our consolidated results, segment information for previous periods has been restated to be consistent with the current period presentation.

Beginning in 2005, we also changed the China business reporting calendar to more closely align the timing of the reporting of its results of operations with our U.S. business. Previously our China business, like the rest of our international businesses, closed one month (or one period for certain of our international businesses) earlier than YUM s period end date to facilitate consolidated reporting. To maintain comparability of our consolidated results of operations, amounts related to our China business for December 2004 have not been reflected in our Condensed Consolidated Statements of Income and net income for the China business for the one month period ended December 31, 2004 was recognized as an adjustment directly to consolidated retained earnings in the year to date ended June 11, 2005. Our consolidated results of operations for the quarter and year to date ended June 11, 2005 include the results of operations of the China business for the months of March, 2005 through May, 2005 and January, 2005 through May, 2005, respectively, and the months to be included in future quarterly reporting periods will begin one month later than in previous years. Our consolidated results of operations for the quarter and year to date ended June 12, 2004 continue to include the results of operations of the China business for the months of February, 2004 through April, 2004 and December, 2003 through April, 2004, respectively, as previously reported.

For the month of December, 2004 the China business had revenues of \$79 million and net income of \$6 million. As mentioned previously, neither of these amounts is included in our Condensed Consolidated Statement of Income for the year to date ended June 11, 2005 and the net income figure was credited directly to retained earnings in the first quarter of 2005. Net income for the month of December, 2004 was negatively impacted by costs incurred in preparation of opening a significant number of new stores in early 2005 as well as increased advertising expense, all of which was recorded in December s results of operations. Additionally, the net increase in cash for the China business in December, 2004 has been presented as a single line item on our Condensed Consolidated Statement of Cash Flows for the year to date ended June 11, 2005. The \$34 million

net increase in cash was primarily attributable to short-term borrowings for working capital purposes, a majority of which were repaid prior to the end of the China business first quarter.

Our preparation of the accompanying Financial Statements in conformity with U.S. generally accepted accounting principles requires us to make estimates and assumptions that affect reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the Financial Statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from the estimates.

In our opinion, the accompanying Financial Statements include all normal and recurring adjustments considered necessary to present fairly, when read in conjunction with our 2004 Form 10-K, our financial position as of June 11, 2005, the results of our operations for the quarters and years to date ended June 11, 2005 and June 12, 2004 and cash flows for the years to date ended June 11, 2005 and June 12, 2004. Our results of operations for these interim periods are not necessarily indicative of the results to be expected for the full year.

Our significant interim accounting policies include the recognition of certain advertising and marketing costs, generally in proportion to revenue, and the recognition of income taxes using an estimated annual effective tax rate.

We have reclassified certain items in the accompanying Financial Statements and Notes to the Financial Statements in order to be comparable with the current classifications. These reclassifications had no effect on previously reported net income.

2. Stock-Based Employee Compensation

The Company accounts for its stock-based employee compensation plans under the recognition and measurement principles of Accounting Principles Board Opinion No. 25, Accounting for Stock Issued to Employees, and related Interpretations (APB 25). No stock-based employee compensation cost is reflected in net income, as all options granted under those plans had an exercise price equal to the market value of the underlying common stock on the date of grant. The following table illustrates the effect on net income and earnings per share had the Company applied the fair value recognition provisions of Statement of Financial Accounting Standards (SFAS) No. 123 Accounting for Stock-Based Compensation (SFAS 123) to stock-based employee compensation.

	Quarter		Year to date	
	6/11/05	6/12/04	6/11/05	6/12/04
Net income, as reported	\$ 187	\$ 178	\$ 348	\$ 320
Deduct: Total stock-based employee compensation expense determined under fair value based method for all awards, net of related tax effects	(8)	(10)	(16)	(18)

Diluted Earnings per Common Share				
As reported	\$ 0.62	\$ 0.58	\$ 1.15	\$ 1.05
Pro forma	0.59	0.55	1.10	0.99

3. Recently Adopted Accounting Pronouncements

In October 2004, the Financial Accounting Standards Board (FASB) ratified the consensus reached by the Emerging Issues Task Force (EITF) on Issue 04-1 Accounting for Preexisting Relationships between the Parties to a Business Combination (EITF 04-1). EITF 04-1 requires that a business combination between two parties that have a preexisting relationship be evaluated to determine if a settlement of that preexisting relationship exists. EITF 04-1 also requires that certain reacquired rights (including the rights to the acquirer's trade name under a franchise agreement) be recognized as intangible assets apart from goodwill. However, if a contract giving rise to the reacquired rights includes terms that are favorable or unfavorable when compared to pricing for current market transactions for the same or similar items, EITF 04-1 requires that a settlement gain or loss should be measured as the lesser of a) the amount by which the contract is favorable or unfavorable to market terms from the perspective of the acquirer or b) the stated settlement provisions of the contract available to the counterparty to which the contract is unfavorable.

EITF 04-1 was effective prospectively for business combinations consummated in reporting periods beginning after October 13, 2004 (the fiscal year beginning December 26, 2004 for the Company). EITF 04-1 applies to acquisitions of restaurants we may make from our franchisees or licensees. We currently attempt to have our franchisees or licensees enter into standard franchise or license agreements for the applicable Concept and/or market when renewing or entering into a new agreement. However, in certain instances franchisees or licensees have existing agreements that possess terms, including royalty rates, that differ from our current standard agreements for the applicable Concept and/or market. We acquired no franchisee or licensee restaurants in the quarter and year to date ended June 11, 2005. However, if in the future we were to acquire restaurants from a franchisee or licensee with such an existing agreement, we would be required to record a settlement gain or loss at the date of acquisition. The amount and timing of any such gains or losses we might record is dependent upon the franchisees or licensees from which we might acquire restaurants and when the restaurants are acquired. Accordingly, any impact cannot be currently determined.

4. New Accounting Pronouncements Not Yet Adopted

In December 2004, the FASB issued SFAS No. 123 (Revised 2004), Share-Based Payment (SFAS 123R), which replaces SFAS 123, supersedes APB 25 and related interpretations and amends SFAS No. 95, Statement of Cash Flows. The provisions of SFAS 123R are similar to those of SFAS 123, however, SFAS 123R requires all share-based payments to employees, including grants of employee stock options, to be recognized in the financial statements as compensation cost based on their fair value on the date of grant. Fair value of share-based awards will be determined using option-pricing models (e.g. Black-Scholes or binomial models) and assumptions that appropriately reflect the specific circumstances of the awards. Compensation cost will be recognized over the vesting period on a straight-line basis for the fair value of awards that actually vest.

We will be required to choose between the modified-prospective and modified-retrospective transition alternatives in adopting SFAS 123R. Under the modified-prospective-transition method, compensation cost will be recognized in financial statements issued subsequent to the date of adoption for all shared-based payments granted, modified or settled after the date of adoption, as well as for any unvested awards that were granted prior to the date of adoption. As we previously adopted only the pro forma disclosure provisions of SFAS 123, we will recognize compensation cost relating to the unvested portion of awards granted prior to the date of adoption using the same estimate of the grant-date fair value and the same attribution method used to determine the pro forma disclosures under SFAS 123. Under the modified-retrospective-transition method compensation cost will be recognized in a manner consistent with the modified-prospective-transition method, however, prior period financial statements will also be restated by recognizing compensation cost as previously

reported in the pro forma disclosures under SFAS 123. The restatement provisions can be applied to either a) all periods presented or b) to the beginning of the fiscal year in which SFAS 123R is adopted.

On April 14, 2005, the SEC adopted a new rule that amended the compliance dates of SFAS 123R to require implementation at the beginning of the first fiscal year beginning after June 15, 2005 (the year beginning January 1, 2006 for the Company). Early adoption of SFAS 123R is permissible. We are currently considering whether to adopt SFAS 123R in the quarter ended December 31, 2005 or the quarter ended March 25, 2006. The Company is also in the process of evaluating the use of certain option-pricing models as well as the assumptions to be used in such models. When such evaluation is complete, we will determine the transition method to use and the impact any change in valuation models might have.

5. Earnings Per Common Share (EPS)

	Quarter		Year to date	
	6/11/05	6/12/04	6/11/05	6/12/04
Net income	\$ 187	\$ 178	\$ 348	\$ 320
Basic EPS				
Weighted-average common shares outstanding	288	290	290	290
Basic EPS	\$ 0.65	\$ 0.61	\$ 1.20	\$ 1.10
Diluted EPS				
Weighted-average common shares outstanding	288	290	290	290
Shares assumed issued on exercise of dilutive share equivalents	40	49	40	51
Shares assumed purchased with proceeds of dilutive share equivalents	(26)	(35)	(27)	(36)
Shares applicable to diluted earnings	302	304	303	305

Diluted EPS	\$ 0.62	\$ 0.58	\$ 1.15	\$ 1.05
-------------	---------	---------	---------	---------

Unexercised employee stock options to purchase approximately 0.4 million and 0.2 million shares of our Common Stock for the quarter and year to date ended June 11, 2005, respectively, were not included in the computation of diluted EPS because their exercise prices were greater than the average market price of our Common Stock during the quarter and year to date ended June 11, 2005, respectively. Unexercised employee stock options to purchase approximately 0.3 million shares and 0.5 million of our Common Stock for the quarter and year to date ended June 12, 2004, respectively, were not included in the computation of diluted EPS because their exercise prices were greater than the average market price of our Common Stock during the quarter and year to date ended June 12, 2004, respectively.

During the year to date ended June 11, 2005, we have granted employee stock options to purchase approximately 4 million shares of our Common Stock at an exercise price equal to the average market price on the date of grant. The weighted-average exercise price of these options was approximately \$46.

6. Comprehensive Income

Comprehensive income was as follows:

	Quarter		Year to date	
	6/11/05	6/12/04	6/11/05	6/12/04
Net income	\$ 187	\$ 178	\$ 348	\$ 320
Foreign currency translation adjustment arising during the period	(15)	(49)	(9)	(5)
Changes in fair value of derivatives, net of tax	1	-	1	(2)
Reclassification of derivative (gains) losses to net income, net of tax	(1)	-	(1)	2
Total comprehensive income	\$ 172	\$ 129	\$ 339	\$ 315

7. Items Affecting Comparability of Net Income

Facility actions

Facility actions consists of the following components:

- Refranchising net (gains) losses;

- Store closure costs;
- Impairment of long-lived assets for stores we intend to close and stores we intend to continue to use in the business.

Quarter ended June 11, 2005

	U.S.	International Division	China Division	Worldwide
Refranchising net (gains) losses	\$ (13)	\$ -	\$ -	\$ (13)
Store closure costs(a)	(1)	-	-	(1)
Store impairment charges	15	1	2	18
Facility actions	\$ 1	\$ 1	\$ 2	\$ 4

Quarter ended June 12, 2004

	U.S.	International Division	China Division	Worldwide
Refranchising net (gains) losses	\$ (1)	\$ 4	\$ -	\$ 3
Store closure costs(a)	(1)	(4)	-	(5)
Store impairment charges	5	6	1	12
Facility actions	\$ 3	\$ 6	\$ 1	\$ 10

10

Year to date ended June 11, 2005

	U.S.	International Division	China Division	Worldwide
Refranchising net (gains) losses	\$ (12)	\$ 1	\$ -	\$ (11)
Store closure costs	3	-	-	3
Store impairment charges	19	2	2	23
Facility actions	\$ 10	\$ 3	\$ 2	\$ 15

Year to date June 12, 2004

U.S.	International Division	China Division	Worldwide
-------------	-----------------------------------	---------------------------	------------------

12

Refranchising net (gains) losses	\$ 7	\$ 4	\$ -	\$ 11
Store closure costs ^(a)	(1)	(4)	-	(5)
Store impairment charges	6	6	1	13
	<u> </u>	<u> </u>	<u> </u>	<u> </u>
Facility actions	\$ 12	\$ 6	\$ 1	\$ 19
	<u> </u>	<u> </u>	<u> </u>	<u> </u>

- (a) The income in store closure costs is primarily the result of gains from the sale of properties on which we formerly operated restaurants.

Sale of an Investment in Unconsolidated Affiliate

During the quarter ended June 11, 2005, we sold our fifty percent interest in the entity that operated almost all KFCs and Pizza Huts in Poland and the Czech Republic to our then partner in the entity, principally for cash. Concurrent with the sale, our former partner completed an initial public offering (IPO) of the majority of the stock it then owned in the entity. We previously accounted for our investment in this entity using the equity method. Subsequent to the IPO, the new publicly held entity, in which YUM has no ownership interest, is a franchisee as was the entity in which we previously held a fifty percent interest.

This transaction generated a one-time gain of approximately \$17 million for YUM as cash proceeds (net of expenses) of approximately \$25 million from the sale of our interest in the entity exceeded our recorded investment in this unconsolidated affiliate. As with our equity income from investments in unconsolidated affiliates, the approximate \$17 million gain was recorded in Other income (expense) in our Condensed Consolidated Statement of Income for the quarter and year to date ended June 11, 2005.

Income Tax Impact of Repatriating Qualified Foreign Earnings

The American Jobs Creation Act of 2004 (the Act), which became law on October 22, 2004, allows a dividends received deduction of 85% of repatriated qualified foreign earnings in fiscal year 2005. We recorded \$6 million in income tax expense during the quarter ended December 25, 2004 as a result of our then determination to repatriate approximately \$110 million in 2005 which will be eligible for the Act s dividends received deduction. In accordance with FASB Staff Position 109-2, Accounting and Disclosure Guidance for the Foreign Earnings Repatriation Provisions within the American Jobs Creation Act of 2004, we continued to evaluate in 2005 whether we would repatriate other undistributed earnings from foreign investments as a result of the Act. During the quarter ended June 11, 2005, we determined that we will repatriate additional qualified foreign earnings of approximately \$390 million in fiscal year 2005 which will be eligible for the Act s dividends received deduction (for a total repatriation of qualified earnings of approximately \$500 million). As a result of this determination, approximately \$19 million of additional tax expense will be recognized in fiscal 2005, \$8 million of which was recognized in the quarter and year to date ended June 11, 2005. No additional

amounts beyond the approximately \$500 million as discussed above are eligible for the Act's dividends received deduction.

LJS Trademark/Brand

As required by SFAS No. 142, "Goodwill and Other Intangible Assets" we evaluate the remaining useful life of our intangible assets each reporting period. During the first quarter of 2005 several factors occurred that caused us to reconsider our decision that the LJS trademark/brand, which was allocated \$140 million in value upon acquisition, had an indefinite useful life. The primary factor was the Company's decision to adjust development of certain multibrand combinations with LJS. While we and our franchisees continue to build new LJS stand alone units as well as multibrand units that include LJS, our decision to reallocate certain capital spending in the near term to other investment alternatives is considered an economic factor that may limit the useful life of the LJS trademark/brand. Accordingly, during the first quarter of 2005, we began to amortize the LJS trademark/brand over thirty years, the typical term of our multibrand franchise agreements including one renewal. We reviewed the LJS trademark/brand for impairment prior to beginning amortization and determined no impairment existed. Amortization expense of approximately \$1 million was recorded during the quarter and year to date ended June 11, 2005 and amortization expense in the fiscal year ended December 31, 2005 will total approximately \$4 million.

Wrench Litigation

There was no Wrench litigation (income) expense recorded for the quarter and year to date ended June 11, 2005. An insignificant amount of Wrench litigation expense was recorded for the quarter and year to date ended June 12, 2004. See Note 14 for further discussion of Wrench litigation.

AmeriServe and Other Charges (Credits)

AmeriServe Food Distribution Inc. ("AmeriServe") was the primary distributor of food and paper supplies to our U.S. stores when it filed for protection under Chapter 11 of the U.S. Bankruptcy Code on January 31, 2000. A plan of reorganization for AmeriServe (the "POR") was approved on November 28, 2000, which resulted in, among other things, the assumption of our distribution agreement, subject to certain amendments, by McLane Company, Inc. During the AmeriServe bankruptcy reorganization process, we took a number of actions to ensure continued supply to our system. Those actions resulted in significant expense for the Company, primarily recorded in 2000. Under the POR we are entitled to proceeds from certain residual assets, preference claims and other legal recoveries of the estate.

We classify expenses and recoveries related to AmeriServe, as well as certain other items, as AmeriServe and other charges (credits). The amounts recorded as AmeriServe and other charges (credits) were not significant for both the quarter and year to date ended June 11, 2005. Income of \$14 million was recorded as AmeriServe and other charges (credits) for both the quarter and year to date ended June 12, 2004. The amount primarily resulted from cash recoveries related to the AmeriServe bankruptcy reorganization process.

8. Other (Income) Expense

Quarter	Year to date
---------	--------------

	6/11/05	6/12/04	6/11/05	6/12/04
Gain upon sale of investment in unconsolidated affiliate	\$ (17)	\$ -	\$ (17)	\$ -
Equity income from investments in unconsolidated affiliates	(8)	(10)	(23)	(22)
Foreign exchange net (gain) loss	-	-	1	-
Other (income) expense	\$ (25)	\$ (10)	\$ (39)	\$ (22)

Dividends received from unconsolidated affiliates were approximately \$17 million and \$13 million for the years to date ended June 11, 2005 and June 12, 2004, respectively.

9. Debt

Our primary bank credit agreement comprises a \$1.0 billion senior unsecured Revolving Credit Facility (the Credit Facility) which matures in September 2009. The Credit Facility is unconditionally guaranteed by our principal domestic subsidiaries and contains financial covenants relating to maintenance of leverage and fixed charge coverage ratios. The Credit Facility also contains affirmative and negative covenants including, among other things, limitations on certain additional indebtedness, guarantees of indebtedness, level of cash dividends, aggregate non-U.S. investment and certain other transactions as defined in the agreement. We were in compliance with all debt covenants at June 11, 2005.

Under the terms of the Credit Facility, we may borrow up to the maximum borrowing limit, less outstanding letters of credit. At June 11, 2005, our unused Credit Facility totaled \$739 million, net of outstanding letters of credit of \$196 million. There were borrowings of \$65 million outstanding under the Credit Facility at June 11, 2005. The interest rate for borrowings under the Credit Facility ranges from 0.35% to 1.625% over the London Interbank Offered Rate (LIBOR) or 0.00% to 0.20% over an Alternate Base Rate, which is the greater of the Prime Rate or the Federal Funds Effective Rate plus 0.50%. The exact spread over LIBOR or the Alternate Base Rate, as applicable, will depend upon our performance under specified financial criteria. Interest on any outstanding borrowings under the Credit Facility is payable at least quarterly.

During the quarter ended June 11, 2005, we began classifying \$200 million in Senior Unsecured Notes as short-term borrowings due to their April 2006 maturity date.

Interest expense on short-term borrowings and long-term debt was \$33 million and \$36 million for the quarters ended June 11, 2005 and June 12, 2004, respectively, and \$66 million and \$74 million for the years to date ended June 11, 2005 and June 12, 2004, respectively.

10. Reportable Operating Segments

As described in Note 1, in 2005 we began reporting information for our international business in two separate operating segments as a result of changes in our management reporting structure. The China Division includes mainland China, Thailand and KFC Taiwan, and the International Division includes the remainder of our international operations. Segment information for previous periods has been restated to reflect this reporting change.

- (a) Includes revenues of approximately \$210 million and \$185 million in mainland China for the quarters ended June 11, 2005 and June 12, 2004, respectively. Includes revenues of approximately \$399 million and \$336 million in mainland China for the years to date ended June 11, 2005 and June 12, 2004, respectively.
- (b) Includes a gain of approximately \$17 million related to the sale of our 50% interest in our former unconsolidated affiliate in Poland and the Czech Republic in the quarter and year to date ended June 11, 2005.
- (c) Unallocated facility actions comprise franchising gains (losses) which are not allocated to the U.S., International Division or China Division segments for performance reporting purposes.
- (d) See Note 7 for a discussion of AmeriServe and other charges (credits) and Wrench litigation (income) expense.

- (e) Primarily includes deferred tax assets; property, plant and equipment, net, related to our office facilities; income taxes receivable; and fair value of derivative instruments.
- (f) Includes property, plant and equipment, net; goodwill; and intangible assets, net.

11. Pension and Postretirement Medical Benefits

Pension Benefits

We sponsor noncontributory defined benefit pension plans covering a majority of full-time U.S. salaried employees, certain U.S. hourly employees and certain international employees. The most significant of these plans, the YUM Retirement Plan (the Plan), is funded while benefits from the other plans are paid by the Company as incurred. During 2001, the plans covering our U.S. salaried employees were amended such that any salaried employee hired or rehired by us after September 30, 2001 is not eligible to participate in those plans. Benefits are based on years of service and earnings or stated amounts for each year of service.

Postretirement Medical Benefits

Our postretirement plan provides health care benefits, principally to U.S. salaried retirees and their dependents. This plan includes retiree cost sharing provisions. During 2001, the plan was amended such that any salaried employee hired or rehired by us after September 30, 2001 is not eligible to participate in this plan. Employees hired prior to September 30, 2001 are eligible for benefits if they meet age and service requirements and qualify for retirement benefits.

Components of Net Periodic Benefit Cost

Amortization of prior service cost	-	-	-	-
Recognized actuarial loss	1	1	1	1
Net periodic benefit cost	\$ 2	\$ 2	\$ 4	\$ 4

Contributions

As disclosed in our 2004 Form 10-K, we are not required to make contributions to the Plan in 2005. No contributions have been made to the Plan during the year to date ended June 11, 2005. While we may make a discretionary contribution to the Plan during 2005, a decision has not yet been reached.

12. Share Repurchase Program

In May 2005, our Board of Directors authorized a share repurchase program. This program authorized us to repurchase, through May 2006, up to \$500 million (excluding applicable transaction fees) of our outstanding Common Stock. There have been no repurchases made under this program.

In January 2005, our Board of Directors authorized a share repurchase program. This program authorized us to repurchase, through January 2006, up to \$500 million (excluding applicable transaction fees) of our

outstanding Common Stock. During the year to date ended June 11, 2005, we repurchased approximately 9.3 million shares for approximately \$464 million at an average price per share of approximately \$50 under this program. At June 11, 2005, approximately \$36 million remained available for repurchases under this program. Based on market conditions and other factors, additional repurchases may be made from time to time in the open market or through privately negotiated transactions at the discretion of the Company.

In May 2004, our Board of Directors authorized a share repurchase program. This program authorized us to repurchase, through November 2005, up to \$300 million (excluding applicable transaction fees) of our outstanding Common Stock. During the year to date ended June 11, 2005, we repurchased approximately 500,000 shares for approximately \$25 million at an average price per share of \$47 under this program. This program was completed during the first quarter of 2005.

During the fourth quarter of 2004, we entered into an accelerated share repurchase program (the Program). In connection with the Program, a third-party investment bank borrowed approximately 5.4 million shares of our Common Stock from shareholders. We then repurchased those shares at their then market value of \$46.58 from the investment bank for approximately \$250 million. The repurchase was made pursuant to the share repurchase program authorized by our Board of Directors in May 2004. Simultaneously, we entered into a forward contract with the investment bank that was indexed to the number of shares repurchased. Under the terms of the forward contract, we were required to pay or entitled to receive a price adjustment based on the difference between the weighted average price of our Common Stock during the duration of the Program and the initial purchase price of \$46.58 per share. The Program was completed during the first quarter of 2005. We made a cash payment of approximately \$3 million to the investment bank to settle the forward contract in full. This payment was recognized as an adjustment to Common Stock and is included in the \$464 million in repurchases as described above.

In November 2003, our Board of Directors authorized a share repurchase program. This program authorized us to repurchase, through May 21, 2005, up to \$300 million (excluding applicable transaction fees) of our outstanding Common Stock. This share repurchase program was completed in 2004. During the year to date ended June 12, 2004, we repurchased approximately 8.1 million shares for approximately \$294 million at an average price per share of approximately \$36 under this program.

13. Supplemental Cash Flow Data

	Year to date	
	6/11/05	6/12/04
Cash Paid for:		
Interest	\$65	\$ 79
Income taxes	98	196
Significant Non-cash Investing and Financing Activities:		
Capital lease obligations incurred to acquire assets	\$ 1	\$ 10

14. Guarantees, Commitments and Contingencies

Lease Guarantees and Contingencies

As a result of (a) assigning our interest in obligations under real estate leases as a condition to the refranchising of certain Company restaurants; (b) contributing certain Company restaurants to unconsolidated affiliates; and (c) guaranteeing certain other leases, we are frequently contingently liable on lease agreements. These leases have varying terms, the latest of which expires in 2031. As of June 11, 2005 and December 25, 2004, the potential amount of undiscounted payments we could be required to make in the event of non-payment by the primary lessee was \$338 million and \$365 million, respectively. The present value of these potential payments discounted at our pre-tax cost of debt at June 11, 2005 was \$284 million. Our franchisees are the primary lessees under the vast majority of these leases. We generally have cross-default provisions with these franchisees that would put them in default of their franchise agreement in the event of non-payment under the lease. We believe these cross-default provisions significantly reduce the risk that we will be required to make payments under these leases. Accordingly, the liability recorded for our exposure under such leases at June 11, 2005 and December 25, 2004, was not material.

Guarantees Supporting Financial Arrangements of Franchisees, Unconsolidated Affiliates and Other Third Parties

We had provided approximately \$16 million of partial guarantees of two loan franchisee pools related primarily to the Company's historical refranchising programs and, to a lesser extent, franchisee development of new restaurants, at both June 11, 2005 and December 25, 2004. In support of these guarantees, we posted a letter of credit of \$4 million. We also provided a standby letter of credit of \$18 million under which we could potentially be required to fund a portion of one of the franchisee loan pools. The total loans outstanding under these loan pools were approximately \$84 million at June 11, 2005.

Any funding under the guarantees or letters of credit would be secured by the franchisee loans and any related collateral. We believe that we have appropriately provided for our estimated probable exposures under these contingent liabilities. These provisions were primarily charged to refranchising loss (gain). New loans have not been added to either loan pool in the year to date ended June 11, 2005.

We had guaranteed certain lines of credit and loans of unconsolidated affiliates totaling \$34 million at December 25, 2004. There were no such guarantees outstanding at June 11, 2005. Our unconsolidated affiliates had total revenues of approximately \$772 million for the year to date ended June 11, 2005, and assets and debt of approximately \$840 million and \$32 million, respectively, at June 11, 2005.

We have also guaranteed certain lines of credit, loans and letters of credit of third parties totaling \$2 million and \$9 million at June 11, 2005 and December 25, 2004, respectively. If all such lines of credit and letters of credit were fully drawn down, the maximum contingent liability under these arrangements would be approximately \$20 million and \$26 million as of June 11, 2005 and December 25, 2004, respectively.

We have varying levels of recourse provisions and collateral that mitigate the risk of loss related to our guarantees of these financial arrangements of our unconsolidated affiliates and other third parties. Accordingly, our recorded liability as of June 11, 2005 and December 25, 2004 is not significant.

Insurance Programs

We are self-insured for a substantial portion of our current and prior years' coverage including workers compensation, employment practices liability, general liability, automobile liability and property losses (collectively, "property and casualty losses"). To mitigate the cost of our exposures for certain property and casualty losses, we make annual decisions to self-insure the risks of loss up to defined maximum per occurrence retentions on a line by line basis or to combine certain lines of coverage into one loss pool with a single self-insured aggregate retention. The Company then purchases insurance coverage, up to a certain limit, for losses that exceed the self-insurance per occurrence or aggregate retention. The insurers' maximum aggregate loss limits are significantly above our actuarially determined probable losses; therefore, we believe the likelihood of losses exceeding the insurers' maximum aggregate loss limits is remote.

In the U.S. and in certain other countries, we are also self-insured for healthcare claims for eligible participating employees subject to certain deductibles and limitations. We have accounted for our retained liabilities for property and casualty losses and healthcare claims, including reported and incurred but not reported claims, based on information provided by independent actuaries.

Due to the inherent volatility of actuarially determined property and casualty loss estimates, it is reasonably possible that we could experience changes in estimated losses which could be material to our growth in quarterly and annual net income. We believe that we have recorded our reserves for property and casualty losses at a level which has substantially mitigated the potential negative impact of adverse developments and/or volatility.

Change of Control Severance Agreements

The Company has severance agreements with certain key executives (the "Agreements") that are renewable on an annual basis. These Agreements are triggered by a termination, under certain conditions, of the executive's employment following a change in control of the Company, as defined in the Agreements. If triggered, the affected executives would generally receive twice the amount of both their annual base salary and their annual incentive at the higher of target for the current year or actual for the preceding year, a proportionate bonus at the higher of target or actual performance earned through the date of termination, outplacement services and a tax gross-up for any excise taxes. These Agreements have a three-year term and automatically renew each January 1 for another three-year term unless the Company elects not to renew the Agreements. If these Agreements had been triggered as of June 11, 2005, payments of approximately \$34 million would have been made. In the event of a change of control, rabbi trusts would be established and used to provide payouts under existing deferred and incentive compensation plans.

Litigation

We are subject to various claims and contingencies related to lawsuits, taxes, environmental and other matters arising out of the normal course of business. We provide reserves for such claims and contingencies when payment is probable and estimable in accordance with SFAS No. 5 "Accounting for Contingencies".

On August 13, 2003, a class action lawsuit against Pizza Hut, Inc., entitled Coldiron v. Pizza Hut, Inc., was

filed in the United States District Court, Central District of California. Plaintiff alleges that she and other current and former Pizza Hut Restaurant General Managers (RGM s) were improperly classified as exempt employees under the U.S. Fair Labor Standards Act (FLSA). There is also a pendent state law claim, alleging that current and former RGM s in California were misclassified under that state s law. Plaintiff seeks unpaid overtime wages and penalties. On May 5, 2004, the District Court granted conditional certification of a nationwide class of RGM s under the FLSA claim, providing notice to prospective class members and an opportunity to join the class. Approximately 12 percent of the eligible class members have joined the litigation as of June 29, 2005 (although a number were later stricken by the District Court as described below). Once class certification discovery is completed, Pizza Hut intends to challenge the propriety of conditional class certification. On July 20, 2004, the District Court granted summary judgment on Ms. Coldiron s individual FLSA claim. Pizza Hut believes that the District Court s summary judgment ruling in favor of Ms. Coldiron is clearly erroneous under well-established legal precedent. Ms. Coldiron also filed a motion to certify an additional class of current and former California RGM s under California state law, a motion for summary judgment on her individual state law claims and a motion requesting that the District Court enter summary judgment on the damages that FLSA class members would be due upon successful prosecution of the class-wide litigation. Pizza Hut opposed all three motions. On April 1, 2005, the District Court issued an order granting Ms. Coldiron s motion to certify a California state law class. On April 15, 2005, Pizza Hut filed a petition for review of that order by the United States Court of Appeals for the Ninth Circuit. On May 5, 2005, the District Court sua sponte filed an order extending the opt-in cut-off date in the FLSA action until September 1, 2005. On May 13, 2005, the District Court sua sponte amended its April 1, 2005 order to identify the California class claims and appoint class counsel. On May 27, 2005, Pizza Hut filed a petition for review of the amended order by the Ninth Circuit. The Ninth Circuit has not yet ruled on either petition. On June 30, 2005, the District Court granted Pizza Hut s motion to strike all FLSA class members who joined the litigation after July 15, 2004. The effect of this order is to reduce the number of FLSA class members to only approximately 87 (or approximately 2.5% of the eligible class members).

We continue to believe that Pizza Hut has properly classified its RGM s as exempt under the FLSA and California law and accordingly intend to vigorously defend against all claims in this lawsuit. However, in view of the inherent uncertainties of litigation, the outcome of this case, and any potential litigation loss from the outcome of the case, cannot be predicted at this time.

On December 17, 2002, Taco Bell was named as the defendant in a class action lawsuit filed in the United States District Court for the Northern District of California entitled Moeller, et al. v. Taco Bell Corp. On August 4, 2003, plaintiffs filed an amended complaint that alleges, among other things, that Taco Bell has discriminated against the class of people who use wheelchairs or scooters for mobility by failing to make its approximately 220 company-owned restaurants in California (the California Restaurants) accessible to the class. Plaintiffs contend that queue rails and other architectural and structural elements of the Taco Bell restaurants relating to the path of travel and use of the facilities by persons with mobility-related disabilities (including parking spaces, ramps, counters, restroom facilities and seating) do not comply with the U.S. Americans with Disabilities Act (the ADA), the Unruh Civil Rights Act (the Unruh Act), and the California Disabled Persons Act (the CDPA). Plaintiffs have requested: (a) an injunction from the District Court

ordering Taco Bell to comply with the ADA and its implementing regulations; (b) that the District Court

declare Taco Bell in violation of the ADA, the Unruh Act, and the CDPA; and (c) monetary relief under the Unruh Act or CDPA. Plaintiffs, on behalf of the class, are seeking the minimum statutory damages per offense of either \$4,000 under the Unruh Act or \$1,000 under the CDPA for each aggrieved member of the class. Plaintiffs contend that there may be in excess of 100,000 individuals in the class. For themselves, the four named plaintiffs have claimed aggregate minimum statutory damages of no less than \$16,000, but are expected to claim greater amounts based on the number of Taco Bell outlets they visited at which they claim to have suffered discrimination.

On February 23, 2004, the District Court granted Plaintiffs' motion for class certification. The District Court certified a Rule 23(b)(2) mandatory injunctive relief class of all individuals with disabilities who use wheelchairs or electric scooters for mobility who, at any time on or after December 17, 2001, were denied, or are currently being denied, on the basis of disability, the full and equal enjoyment of the California Restaurants. The class includes claims for injunctive relief and minimum statutory damages.

Pursuant to the parties' agreement, on or about August 31, 2004, the District Court ordered that the trial of this action be bifurcated so that stage one will resolve Plaintiffs' claims for equitable relief and stage two will resolve Plaintiffs' claims for damages. The parties are currently proceeding with the equitable relief stage of this action. During this stage, Taco Bell filed a motion to partially decertify the class to exclude from the Rule 23(b)(2) class claims for monetary damages. The District Court denied the motion. Plaintiffs filed their own motion for partial summary judgment as to liability relating to a subset of the California Restaurants. The District Court denied that motion as well.

Taco Bell has denied liability and intends to vigorously defend against all claims in this lawsuit. Although this lawsuit is at an early stage in the proceedings, it is likely that certain of the California Restaurants will be determined to be not fully compliant with accessibility laws and that Taco Bell will be required to take certain steps to make those restaurants fully compliant. However, at this time, it is not possible to estimate with reasonable certainty the potential costs to bring any non-compliant California Restaurants into compliance with applicable state and federal disability access laws. Nor is it possible at this time to reasonably estimate the probability or amount of liability for monetary damages on a class-wide basis to Taco Bell.

On January 16, 1998, a lawsuit against Taco Bell Corp., entitled Wrench LLC, Joseph Shields and Thomas Rinks v. Taco Bell Corp. (Wrench) was filed in the United States District Court for the Western District of Michigan. The lawsuit alleged that Taco Bell Corp. misappropriated certain ideas and concepts used in its advertising featuring a Chihuahua. The plaintiffs sought to recover monetary damages under several theories, including breach of implied-in-fact contract, idea misappropriation, conversion and unfair competition. On June 10, 1999, the District Court granted summary judgment in favor of Taco Bell Corp. Plaintiffs filed an appeal with the U.S. Court of Appeals for the Sixth Circuit and oral arguments were held on September 20, 2000. On July 6, 2001, the Sixth Circuit Court of Appeals reversed the District Court's judgment in favor of Taco Bell Corp. and remanded the case to the District Court. Taco Bell Corp. unsuccessfully petitioned the Sixth Circuit Court of Appeals for rehearing en banc, and its petition for writ of certiorari to the United States Supreme Court was denied on January 21, 2002. The case was returned to District Court for trial which began on May 14, 2003 and on June 4, 2003 the jury awarded \$30 million to the plaintiffs. Subsequently, the plaintiffs moved to amend the judgment to include pre-judgment interest and post-judgment interest and Taco Bell filed its post-trial motion for judgment as a matter of law or a new trial. On September 9, 2003, the District Court denied Taco Bell's motion and granted the plaintiff's motion to amend the judgment.

In view of the jury verdict and subsequent District Court ruling, we recorded a charge of \$42 million in 2003. We appealed the verdict to the Sixth Circuit Court of Appeals and interest continued to accrue during the appeal process. Prior to a ruling from the Sixth Circuit Court of Appeals, we settled this matter with the

Wrench plaintiffs on January 15, 2005. Concurrent with the settlement with the plaintiffs, we also settled the matter with certain of our insurance carriers. As a result of these settlements, reversals of previously recorded expense of \$14 million were recorded in the year ended December 25, 2004. We paid the settlement amount to the plaintiffs and received the insurance recovery during the first quarter of 2005.

We intend to seek additional recoveries from our other insurance carriers during the periods in question. We also filed suit against Taco Bell's former advertising agency in the United States District Court for the Central District of California seeking reimbursement for the settlement amount as well as any costs that we have incurred in defending this matter. The District Court has issued a minute order granting defendant's motion for summary judgment but has requested submissions from the defendant for its review before issuing a final order. We believe that a grant by the District Court of this summary judgment motion would be erroneous under the law. We will evaluate our options once a final order has been issued. Any additional recoveries will be recorded as they are realized.

Obligations to PepsiCo, Inc. After Spin-off

In connection with our October 6, 1997 spin-off from PepsiCo, Inc. (PepsiCo) (the Spin-off), we entered into separation and other related agreements (the Separation Agreements) governing the Spin-off and our subsequent relationship with PepsiCo. These agreements provide certain indemnities to PepsiCo.

Under the terms of these agreements, we have indemnified PepsiCo for any costs or losses it incurs with respect to all letters of credit, guarantees and contingent liabilities relating to our businesses under which PepsiCo remains liable. As of June 11, 2005, PepsiCo remains liable for approximately \$29 million on a nominal basis related to these contingencies. This obligation ends at the time PepsiCo is released, terminated or replaced by a qualified letter of credit. We have not been required to make any payments under this indemnity.

Under the Separation Agreements, PepsiCo maintains full control and absolute discretion with regard to any combined or consolidated tax filings for periods through October 6, 1997. PepsiCo also maintains full control and absolute discretion regarding any common tax audit issues. Although PepsiCo has contractually agreed to, in good faith, use its best efforts to settle all joint interests in any common tax audit issue on a basis consistent with prior practice, there can be no assurance that determinations made by PepsiCo would be the same as we would reach, acting on our own behalf. Through June 11, 2005, there have not been any determinations made by PepsiCo where we would have reached a different determination.

15. Subsequent Event

Our KFC business in mainland China has been negatively impacted by the interruption of product offerings and negative publicity associated with a supplier ingredient issue experienced in late March, 2005. Subsequent to the end of our China Division's second quarter, we entered into an agreement with the supplier of the ingredient for partial recovery of our losses. As a result of the agreement, we expect to recognize approximately \$13 million in operating profit in the quarter ended September 3, 2005 related to this recovery with possible additional, lesser amounts recognized in the quarter ended December 31, 2005 or March 25, 2006.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Introduction and Overview

YUM! Brands, Inc. and Subsidiaries (collectively referred to as "YUM" or the "Company") comprises the worldwide operations of KFC, Pizza Hut, Taco Bell, Long John Silver's ("LJS") and A&W All-American Food Restaurants ("A&W") (collectively "the Concepts") and is the world's largest quick service restaurant ("QSR") company based on the number of system units. YUM is the second largest QSR company outside the U.S. with 13,257 units. Our business consists of three operating segments: United States, the International Division and the China Division. The China Division includes mainland China ("China"), Thailand and KFC Taiwan and the International Division includes the remainder of our international operations.

Through its Concepts, YUM develops, operates, franchises and licenses a system of both traditional and non-traditional QSR restaurants. Traditional units feature dine-in, carryout and, in some instances, drive-thru or delivery services. Non-traditional units, which are typically licensed outlets, include express units and kiosks which have a more limited menu and operate in non-traditional locations like malls, airports, gasoline service stations, convenience stores, stadiums, amusement parks and colleges, where a full-scale traditional outlet would not be practical or efficient.

The retail food industry, in which the Company competes, is made up of supermarkets, supercenters, warehouse stores, convenience stores, coffee shops, snack bars, delicatessens and restaurants (including the QSR segment), and is intensely competitive with respect to food quality, price, service, convenience, location and concept. The industry is often affected by changes in consumer tastes; national, regional or local economic conditions; currency fluctuations; demographic trends; traffic patterns; the type, number and location of competing food retailers and products; and disposable purchasing power. Each of the Concepts competes with international, national and regional restaurant chains as well as locally-owned restaurants, not only for customers, but also for management and hourly personnel, suitable real estate sites and qualified franchisees.

The Company's key strategies are:

- Building dominant restaurant brands in mainland China
- Driving profitable international expansion
- Improving restaurant operations
- Multibranding category-leading brands

The Company is focused on five long-term measures identified as essential to our growth and progress. These five measures and related key performance indicators are as follows:

- China Division and International Division expansion
 - China Division and International Division system sales growth (local currency)
 - Number of new China Division and International Division restaurant openings
 - Net China Division and International Division unit growth
- Multibrand innovation and expansion
 - Number of multibrand restaurant locations

Number of multibrand units added
Number of franchise multibrand units added

22

- Portfolio of category-leading U.S. brands
 - U.S. blended same store sales growth
 - U.S. system sales growth
- Global franchise fees
 - New restaurant openings by franchisees
 - Franchise fee growth
- Strong cash generation and returns
 - Cash generated from all sources
 - Cash generated from all sources after capital spending
 - Restaurant margins

Our progress against these measures is discussed throughout the Management's Discussion and Analysis (MD&A).

Throughout the MD&A, the Company provides the percentage change excluding the impact of foreign currency translation. These amounts are derived by translating current year results at prior year average exchange rates. We believe the elimination of the foreign currency translation impact provides better year-to-year comparability without the distortion of foreign currency fluctuations.

The following MD&A should be read in conjunction with the unaudited Condensed Consolidated Financial Statements (Financial Statements), the Cautionary Statements and our annual report on Form 10-K for the fiscal year ended December 25, 2004 (2004 Form 10-K).

All Note references herein refer to the accompanying Notes to the Financial Statements. Tabular amounts are displayed in millions except per share and unit count amounts, or as otherwise specifically identified.

Significant Known Events, Trends or Uncertainties Expected to Impact 2005 Comparisons with 2004

The following factors impacted comparability of operating performance for the quarter and/or year to date ended June 11, 2005 or could impact comparisons for the remainder of 2005. Certain of these factors were previously discussed in our 2004 Form 10-K.

New Accounting Pronouncements Not Yet Adopted

Upon the adoption of Statement of Financial Accounting Standards No. 123 (Revised 2004), Share-Based Payment (SFAS 123R), we will be required to recognize compensation cost in the financial statements for all share-based payments to our employees, including grants of stock options, based on the fair value of the share-based awards on the date of grant. The fair value of the share-based awards will be determined using option pricing models and assumptions that appropriately reflect the specific circumstances of the awards.

Compensation cost will be recognized over the vesting period on a straight-line basis for the fair value of awards that actually vest.

On April 14, 2005, the Securities and Exchange Commission adopted a new rule that amended the compliance dates of SFAS 123R to require implementation at the beginning of the first fiscal year beginning after June 15, 2005 (the year beginning January 1, 2006 for the Company). Early adoption of SFAS 123R is permissible. We are currently considering whether to adopt SFAS 123R in the quarter ended December 31, 2005 or the quarter ended March 25, 2006. We are also in the process of evaluating the use of certain option-pricing models as

well as the assumptions to be used in such models. When such evaluation is complete, we will determine the transition method to use and the impact any change in valuation models might have.

See Note 4.

International Reporting Changes

In 2005, we began reporting information for our international business in two separate operating segments as a result of changes to our management reporting structure. The China Division includes mainland China (China), Thailand and KFC Taiwan, and the International Division includes the remainder of our international operations. While this reporting change did not impact our consolidated results, segment information for previous periods has been restated to be consistent with the current period presentation.

Beginning in 2005, we also changed the China business reporting calendar to more closely align the timing of the reporting of its results of operations with our U.S. business. Previously our China business, like the rest of our international businesses, closed one month (or one period for certain of our international businesses) earlier than YUM's period end date to facilitate consolidated reporting. To maintain comparability of our consolidated results of operations, amounts related to our China business for December 2004 have not been reflected in our Condensed Consolidated Statements of Income and net income of the China business of \$6 million for the one month period ending December 31, 2004 was recognized as an adjustment directly to consolidated retained earnings in the year to date ended June 11, 2005. Our consolidated results of operations for the quarter and year to date ended June 11, 2005 include the results of operations of the China business for the months of March, 2005 through May, 2005 and January, 2005 through May, 2005, respectively, and the months to be included in future quarterly reporting periods will begin one month later than in previous years. Our consolidated results of operations for the quarter and year to date ended June 12, 2004 continue to include the results of operations of the China business for the months of February, 2004 through April, 2004 and December, 2003 through April, 2004, respectively, as previously reported.

See Note 1.

Mainland China Supplier Ingredient Issue

Our KFC business in mainland China has been negatively impacted by the interruption of product offerings and negative publicity associated with a supplier ingredient issue experienced in late March, 2005 (Period 4, the first period of our China Division's second quarter). An ingredient was included in a limited number of

products that necessitated temporarily withdrawing those products from restaurants in that market. The supplier issue was resolved and the products were returned to the menu. Sales at our Pizza Hut restaurants in mainland China were not impacted. As a result of this issue, system sales in our China Division were up 12 % in the quarter ended June 11, 2005 excluding the impact of foreign currency translation versus our ongoing target of at least 22% growth. Operating profit for the quarter ended June 11, 2005 for the China Division was \$25 million, a decrease of 30% from the quarter ended June 12, 2004.

For the remainder of the year, sales trends are expected to steadily improve from the low point in Period 4. We currently expect full year China Division system sales and revenue growth of 10% to 15%, excluding the impact of foreign currency conversion, and restaurant margins of approximately 17% to 18%. Operating profit for the balance of the year is expected to show growth versus the prior year. Operating profit will be positively impacted by a partial financial recovery from our mainland China supplier of the ingredient. We anticipate that operating profit in the quarter ended September 3, 2005 will reflect approximately \$13 million related to this recovery, with possible additional, lesser amounts recognized in the quarter ended December 31, 2005 or March 25, 2006.

Extra Week in 2005

Our fiscal calendar results in a fifty-third week every five or six years. Fiscal year 2005 includes a fifty-third week in the fourth quarter for the majority of our U.S. businesses as well as our international businesses that report on a period, as opposed to a monthly, basis. In the U.S., we anticipate permanently accelerating the timing of the KFC business closing by one week in December 2005, and thus, there will be no fifty-third week benefit for this business in 2005. We estimate the fifty-third week will increase revenues and operating profit in 2005 by approximately \$80 million and \$15 million, respectively. While the impact of the fifty-third week adds a potential incremental benefit of \$0.04 to diluted earnings per share, we believe this benefit will be offset by expense associated with asset actions.

Sale of Puerto Rico Business

Our Puerto Rico business was sold on October 4, 2004 for an amount approximating its then carrying value. Company sales and restaurant profit decreased \$44 million and \$8 million, respectively, franchise fees increased \$3 million and general and administrative expenses decreased \$3 million for the quarter ended June 11, 2005 as compared to the quarter ended June 12, 2004. Company sales and restaurant profit decreased \$87 million and \$16 million, respectively, franchise fees increased \$5 million and general and administrative expenses decreased \$5 million for the year to date ended June 11, 2005 as compared to the year to date ended June 12, 2004.

Commodity Inflation

The increased cost of certain commodities negatively impacted our U.S. margins for the quarter and year to date ended June 11, 2005. Higher commodity costs, particularly in meat prices, negatively impacted U.S. restaurant margins as a percentage of sales by approximately 20 and 110 basis points for the quarter and year to date ended June 11, 2005, respectively, as compared to the quarter and year to date ended June 12, 2004. We currently anticipate that commodity cost pressure will lessen during the remainder of 2005.

Sale of an Investment in Unconsolidated Affiliate

During the quarter ended June 11, 2005, we sold our fifty percent interest in the entity that operated almost all KFCs and Pizza Huts in Poland and the Czech Republic to our then partner in the entity, principally for cash. Concurrent with the sale, our former partner completed an initial public offering (IPO) of the majority of the stock it then owned in the entity. We previously accounted for our investment in this entity using the equity method. Subsequent to the IPO, the new publicly held entity, in which YUM has no ownership interest, is a franchisee as was the entity in which we previously held a fifty percent interest.

This transaction generated a one-time gain of approximately \$17 million for YUM as cash proceeds (net of expenses) of approximately \$25 million from the sale of our interest in the entity exceeded our recorded investment in this unconsolidated affiliate. As with our equity income from investments in unconsolidated affiliates, the approximate \$17 million gain was recorded in Other income (expense) in our Condensed Consolidated Statement of Income for the quarter and year to date ended June 11, 2005.

The transaction is not expected to have a significant impact on the Company's future results of operations. However, as a result of having completed the transaction and recording the related gain, the Company may pursue additional facility actions in other markets in the second half of the year which may increase facility actions expense.

Income Tax Impact of Repatriating Qualified Foreign Earnings

The American Jobs Creation Act of 2004 (the Act), which became law on October 22, 2004, allows a dividends received deduction of 85% of repatriated qualified foreign earnings in fiscal year 2005. We recorded \$6 million in income tax expense during the quarter ended December 25, 2004 as a result of our then determination to repatriate approximately \$110 million in 2005 which will be eligible for the Act's dividends received deduction. In accordance with FASB Staff Position 109-2, Accounting and Disclosure Guidance for the Foreign Earnings Repatriation Provisions within the American Jobs Creation Act of 2004, we continued to evaluate in 2005 whether we would repatriate other undistributed earnings from foreign investments as a result of the Act. During the quarter ended June 11, 2005, we determined that we will repatriate additional qualified foreign earnings of approximately \$390 million in fiscal year 2005 which will be eligible for the Act's dividend received deduction (for a total repatriation of qualified earnings of approximately \$500 million). As a result of this determination, approximately \$19 million of additional tax expense will be recognized in fiscal 2005, \$8 million of which was recognized in the quarter and year to date ended June 11, 2005. No additional amounts beyond the approximately \$500 million as discussed above are eligible for the Act's dividend received deduction.

Store Portfolio Strategy

From time to time we sell Company restaurants to existing and new franchisees where geographic synergies can be obtained or where their expertise can generally be leveraged to improve our overall operating performance, while retaining Company ownership of key U.S. and international markets. Such refranchisings reduce our reported revenues and restaurant profits and increase the importance of system sales growth as a key performance measure.

The following table summarizes our franchising activities:

	Quarter		Year to date	
	6/11/05	6/12/04	6/11/05	6/12/04
Number of units franchised	127	11	141	14
Franchising proceeds, pre-tax	\$ 37	\$ 6	\$ 41	\$ 8
Franchising net (gains) losses, pre-tax	\$ (13)	\$ 3	\$ (11)	\$ 11

In addition to our franchising program, from time to time we close restaurants that are poor performing, we relocate restaurants to a new site within the same trade area or we consolidate two or more of our existing units into a single unit (collectively store closures).

The following table summarizes Company store closure activities:

	Quarter		Year to date	
	6/11/05	6/12/04	6/11/05	6/12/04
Number of units closed	44	116	87	185
Store closure costs	\$ (1)	\$ (5)	\$ 3	\$ (5)

The income in store closure costs for the quarter to date ended June 11, 2005 and the quarter and year to date ended June 12, 2004 is primarily the result of gains from the sale of properties on which we previously operated restaurants.

The impact on operating profit arising from franchising and Company store closures is the net of (a) the estimated reductions in restaurant profit, which reflects the decrease in Company sales, and general and administrative expenses and (b) the estimated increase in franchise fees from the stores franchised. The amounts presented below reflect the estimated impact from stores that were operated by us for all or some portion of the comparable period in 2004 and were no longer operated by us as of June 11, 2005. The amounts do not include results from new restaurants that we opened in connection with a relocation of an existing unit or any incremental impact upon consolidation of two or more of our existing units into a single unit.

The following table summarizes the estimated impact on revenue of franchising and Company store closures:

Quarter ended 6/11/05			
U.S.	International Division	China Division	Worldwide

Decreased sales	\$ (45)	\$ (60)	\$ (4)	\$ (109)

Closures	(10)	(4)	-	(14)
Other	-	-	4	4
	<hr/>	<hr/>	<hr/>	<hr/>
End of quarter	1,380	495	207	2,082
	<hr/>	<hr/>	<hr/>	<hr/>
% of Total	66%	24%	10%	100%

Beginning of the year balances have been adjusted to include December activity in mainland China due to the change in its reporting calendar. The net change was an addition of 16, 2, 1 and 19 units for company, unconsolidated affiliates, franchisees and total excluding licensees, respectively. There are no licensed units in the China Division.

Multibrand restaurants are included in the totals above. Multibrand conversions increase the sales and points of distribution for the second brand added to a restaurant but do not result in an additional unit count. Similarly, a

29

new multibrand restaurant, while increasing sales and points of distribution for two brands, results in just one additional unit count. Franchise unit counts below include both franchisee and unconsolidated affiliate multibrand units. Following are multibrand restaurant totals at June 11, 2005 and December 25, 2004:

	<u>Company</u>	<u>Franchise</u>	<u>Total</u>
<u>6/11/05</u>			
United States	1,523	1,290	2,813
International Division	22	163	185
	<hr/>	<hr/>	<hr/>
Worldwide	1,545	1,453	2,998
	<hr/>	<hr/>	<hr/>
<u>12/25/04</u>			
United States	1,391	1,250	2,641
International Division	25	155	180
China Division	3	-	3
	<hr/>	<hr/>	<hr/>
Worldwide	1,419	1,405	2,824
	<hr/>	<hr/>	<hr/>

For the year to date ended June 11, 2005, Company and franchise multibrand unit gross additions were 160 and 69, respectively.

System Sales Growth

Quarter	Increase		Increase excluding currency translation	
	6/11/05	6/12/04	6/11/05	6/12/04
	United States	4%	3%	N/A
International Division	11%	15%	6%	6%
China Division	13%	17%	12%	16%
Worldwide	7%	8%	5%	5%

System sales growth includes the results of all restaurants regardless of ownership, including Company-owned, franchise, unconsolidated affiliate and license restaurants. Sales of franchise, unconsolidated affiliate and license restaurants generate franchise and license fees for the Company (typically at a rate of 4% to 6% of sales). Franchise, unconsolidated affiliate and license restaurants sales are not included in Company sales on the Consolidated Statements of Income; however, the franchise and license fees are included in the Company's revenues. We believe system sales growth is useful to investors as a significant indicator of the overall strength of our business as it incorporates all of our revenue drivers, Company and franchise same store sales as well as net unit development.

Worldwide system sales growth was driven by new unit development and same store sales growth, partially offset by store closures.

U.S. system sales growth was driven by same store sales growth and new unit development, partially offset by store closures.

International Division system sales growth was driven by new unit development and same store sales growth, partially offset by store closures.

China Division system sales growth was driven by new unit development, partially offset by same store sales declines.

Year to date	Increase		Increase excluding currency translation	
	6/11/05	6/12/04	6/11/05	6/12/04
	United States	4%	4%	N/A
International Division	11%	15%	7%	5%
China Division	16%	23%	16%	22%
Worldwide	7%	8%	5%	5%

Worldwide system sales growth was driven by new unit development and same store sales growth, partially offset by store closures.

U.S. system sales growth was driven by same store sales growth and new unit development, partially offset by store closures.

International Division system sales growth was driven by new unit development and same store sales growth, partially offset by store closures.

China Division system sales growth was driven by new unit development, partially offset by same store sales declines.

Revenues

<u>Quarter</u>	<u>Amount</u>		<u>% Increase/ (Decrease)</u>	<u>% Increase/ (Decrease) excluding currency translation</u>
	<u>6/11/05</u>	<u>6/12/04</u>		
Company sales				
United States	\$1,240	\$1,208	3	N/A
International Division	394	409	(4)	(9)
China Division	268	229	17	16
Worldwide	1,902	1,846	3	2
Franchise and license fees				
United States	145	141	3	N/A
International Division	98	82	19	13
China Division	8	8	5	5
Worldwide	251	231	9	7
Total revenues				
United States	1,385	1,349	3	N/A
International Division	492	491	-	(6)
China Division	276	237	16	15
Worldwide	\$2,153	\$2,077	4	2

The increase in Worldwide Company sales was driven by new unit development and same store sales growth, partially offset by refranchising and store closures.

The increase in Worldwide franchise and license fees was driven by new unit development, refranchising, same store sales growth and royalty rate increases, partially offset by store closures.

The increase in U.S. Company sales was driven by same store sales growth and new unit development, partially offset by refranchising and store closures.

U.S. same store sales include only Company restaurants that have been open one year or more. U.S. blended same store sales include KFC, Pizza Hut and Taco Bell Company-owned restaurants only. U.S. same store sales for Long John Silver's and A&W restaurants are not included. Following are the same store sales growth results by brand:

	Quarter ended 6/11/05		
	Same Store Sales	Transactions	Average Guest Check
KFC	8%	8%	-
Pizza Hut	2%	(2)%	4%
Taco Bell	5%	3%	2%

U.S. blended Company same store sales increased 5% due to increases in transactions and average guest check.

The increase in U.S. franchise and license fees was driven by same store sales growth, new unit development and refranchising, partially offset by store closures.

The decrease in International Division Company sales was driven by refranchising (primarily our Puerto Rico business), partially offset by new unit development.

The increase in International Division franchise and license fees was driven by new unit development, refranchising (primarily our Puerto Rico business), royalty rate increases and same store sales growth.

The increase in China Division Company sales was driven by new unit development, partially offset by same store sales declines.

China Division franchise and license fees were basically flat. Increases due to new unit development were largely offset by same store sales declines.

China Division	511	425	20	20
	<hr/>	<hr/>		
Worldwide	\$4,207	\$4,047	4	3

The increase in Worldwide Company sales was driven by new unit development and same store sales growth, partially offset by refranchising and store closures.

The increase in Worldwide franchise and license fees was driven by new unit development, same store sales growth, refranchising and royalty rate increases, partially offset by store closures.

The increase in U.S. Company sales was driven by same store sales growth and new unit development, partially offset by refranchising and store closures. Following are the same store sales growth results by brand:

	Year to date ended 6/11/05		
	Same Store Sales	Transactions	Average Guest Check
	<hr/>	<hr/>	<hr/>
KFC	6%	6%	-
Pizza Hut	2%	(2)%	4%
Taco Bell	5%	2%	3%

U.S. blended Company same store sales increased 4% due to increases in transactions and average guest check.

The increase in U.S. franchise and license fees was driven by same store sales growth, new unit development and refranchising, partially offset by store closures.

The decrease in International Division Company sales was driven by refranchising (primarily our Puerto Rico business), partially offset by new unit development.

The increase in International Division franchise and license fees was driven by new unit development, refranchising (primarily our Puerto Rico business), same store sales growth and royalty rate increases.

The increase in China Division Company sales was primarily driven by new unit development.

The increase in China Division franchise and license fees was primarily driven by new unit development, partially offset by same store sales declines.

Company Restaurant Margins

	<u>United States</u>	<u>International Division</u>	<u>China Division</u>	<u>Worldwide</u>
<u>Quarter ended 6/11/05</u>				
Company sales	100.0%	100.0%	100.0%	100.0%
Food and paper	30.2	32.6	36.4	31.6
Payroll and employee benefits	29.7	24.4	14.5	26.5
Occupancy and other operating expenses	25.5	30.1	35.2	27.8
Company restaurant margin	14.6%	12.9%	13.9%	14.1%
<u>Quarter ended 6/12/04</u>				
Company sales	100.0%	100.0%	100.0%	100.0%
Food and paper	30.2	33.6	37.7	31.9
Payroll and employee benefits	30.3	24.1	11.8	26.7
Occupancy and other operating expenses	24.8	29.2	33.3	26.8
Company restaurant margin	14.7%	13.1%	17.2%	14.6%

The decrease in U.S. restaurant margins as a percentage of sales was driven by higher occupancy and other costs and higher food and paper costs, partially offset by the impact of same store sales growth on restaurant margin. Higher occupancy and other costs were driven by increases in utility costs, advertising costs and depreciation and amortization expense.

The decrease in International Division restaurant margins as a percentage of sales was primarily driven by a 54 basis point unfavorable impact of refranchising our restaurants in Puerto Rico. Also contributing to the

decrease were higher occupancy and other costs and labor costs, partially offset by the impact of same store sales growth on restaurant margin.

The decrease in China Division restaurant margins as a percentage of sales was driven by the impact on restaurant margin of same store sales declines resulting from the mainland China supplier ingredient issue, higher labor costs and the lower margins associated with new units during the initial periods of operation. These decreases were partially offset by the impact on restaurant margin of same store sales growth at KFC Taiwan.

<u>Year to date ended</u> <u>6/11/05</u>	<u>United States</u>	<u>International Division</u>	<u>China Division</u>	<u>Worldwide</u>
Company sales	100.0%	100.0%	100.0%	100.0%
Food and paper	30.2	32.9	36.5	31.6
Payroll and employee benefits	30.1	24.1	13.3	26.6
Occupancy and other operating expenses	25.7	30.1	32.1	27.5
Company restaurant margin	14.0%	12.9%	18.1%	14.3%

34

<u>Year to date ended</u> <u>6/12/04</u>	<u>United States</u>	<u>International Division</u>	<u>China Division</u>	<u>Worldwide</u>
Company sales	100.0%	100.0%	100.0%	100.0%
Food and paper	29.4	33.9	37.9	31.4
Payroll and employee benefits	30.9	23.9	11.3	27.0
Occupancy and other operating expenses	25.4	29.0	31.4	26.9
Company restaurant margin	14.3%	13.2%	19.4%	14.7%

The decrease in U.S. restaurant margins as a percentage of sales was driven by higher food and paper costs and higher occupancy and other costs, partially offset by the impact of same store sales growth on restaurant margin. Higher food and paper costs were driven by increased commodity costs (principally meats). Higher occupancy and other costs were driven by increases in utility costs, advertising costs and depreciation and amortization expense.

40

The decrease in International Division restaurant margins as a percentage of sales was primarily driven by a 62 basis point unfavorable impact of refranchising our restaurants in Puerto Rico. Also contributing to the decrease were higher occupancy and other costs and labor costs, partially offset by the impact of same store sales growth on restaurant margin and lower food and paper costs (principally due to supply chain savings initiatives).

The decrease in China Division restaurant margins as a percentage of sales was driven by higher labor costs, the impact on restaurant margin of same store sales declines related to the mainland China supplier ingredient issue and the lower margins associated with new units during the initial periods of operation. The decrease was partially offset by the impact of same store sales growth exclusive of the mainland China supplier ingredient issue on restaurant margin and lower food and paper costs (principally due to supply chain savings initiatives).

Worldwide General and Administrative Expenses

General and administrative expenses increased \$28 million or 12% in the quarter, including a 1% unfavorable impact from foreign currency translation. The increase in general and administrative expenses was driven by higher litigation related costs including a charge of \$10 million for the potential resolution of certain litigation matters. Also contributing to the increase were higher charitable contributions and higher compensation related costs, including amounts associated with investments in strategic initiatives in China and other international growth markets. Such increases were partially offset by reductions associated with operating restaurants which were refranchised in 2004 (primarily the Puerto Rico business).

General and administrative expenses increased \$28 million or 6% year to date, including a 1% unfavorable impact from foreign currency translation. The increase in general and administrative expenses was driven by higher litigation related costs (including the aforementioned charge) and higher compensation related costs, including amounts associated with investments in strategic initiatives in China and other international growth markets. Also contributing to the increase was higher charitable contributions. Such increases were partially offset by reductions associated with operating restaurants which were refranchised in 2004 (primarily the Puerto Rico business).

Worldwide Franchise and License Expenses

Franchise and license expenses decreased \$2 million or 29% for the quarter and increased \$4 million or 45% year to date. The year to date increase was primarily driven by the unfavorable impact of lapping the 2004

reversal of previously established allowances for doubtful accounts upon the completion of financial restructurings by certain Pizza Hut franchisees.

Worldwide Other (Income) Expense

<u>Quarter</u>		<u>Year to date</u>	
6/11/05	6/12/04	6/11/05	6/12/04

Gain upon sale of investment in unconsolidated affiliate	\$ (17)	\$ -	\$ (17)	\$ -
Equity income from investments in unconsolidated affiliates	(8)	(10)	(23)	(22)
Foreign exchange net (gain) loss	-	-	1	-
Other (income) expense	\$ (25)	\$ (10)	\$ (39)	\$ (22)

Other income increased \$15 million in the quarter and \$17 million year to date. The increase was driven by the \$17 million gain associated with the sale of our investment in our Poland/Czech Republic unconsolidated affiliate during the quarter ended June 11, 2005.

Worldwide Facility Actions

We recorded a net loss from facility actions of \$4 million and \$10 million for the quarters ended June 11, 2005 and June 12, 2004, respectively. We recorded a net loss from facility actions of \$15 million and \$19 million for the years to date ended June 11, 2005 and June 12, 2004, respectively. See the Store Portfolio Strategy section for more detail of our refranchising and closure activities and Note 7 for a summary of the components of facility actions by reportable operating segment.

Operating Profit

	Quarter			Year to date		
	6/11/05	6/12/04	% B/(W)	6/11/05	6/12/04	% B/(W)
United States	\$ 190	\$ 199	(4)	\$ 352	\$ 371	(5)
International Division	90	74	22	184	162	14
China Division	25	35	(30)	78	77	-
Unallocated and corporate expenses	(61)	(44)	(38)	(103)	(92)	(12)
Unallocated other income (expense)	17	-	NM	16	(3)	NM
Unallocated facility actions	13	(3)	NM	11	(11)	NM
Wrench litigation	-	-	-	-	-	-
AmeriServe and other (charges) credits	-	14	NM	-	14	NM
Operating profit	\$ 274	\$ 275	-	\$ 538	\$ 518	4

Unallocated and corporate expenses comprise general and administrative expenses and unallocated facility actions comprise refranchising gains (losses), neither of which are allocated to the U.S., International Division or China Division segments for performance reporting purposes. Unallocated other income (expense) in the quarter and year to date ended June 11, 2005 primarily comprises the gain on the sale of our investment in our Poland/Czech Republic unconsolidated affiliate which we did not allocate to the International Division for performance reporting purposes.

Quarter

The decrease in U.S. operating profit was driven by higher impairment charges related to our long-lived assets and higher general and administrative costs. The impact of same store sales growth on restaurant profit was largely offset by higher occupancy and other costs as well as higher food and paper costs.

Excluding the favorable impact from foreign currency translation, International Division operating profit increased 16%. The increase in International Division operating profit was driven by the impact of same store sales growth on restaurant profit and the impact of new unit development on franchise fees and restaurant profit. The increase was partially offset by the impact on restaurant profit of higher occupancy and other costs and the impact on operating profit of refranchising our restaurants in Puerto Rico.

Excluding the favorable impact from foreign currency translation, China Division operating profit decreased 31%. The decrease in China Division operating profit was driven by the impact on operating profit of the mainland China supplier ingredient issue and higher general and administrative costs. The decrease was partially offset by the impact on restaurant profit of same store sales growth related primarily to KFC Taiwan and the impact on restaurant profit of new unit development.

Year to date

The decrease in U.S. operating profit was driven by higher impairment charges related to our long-lived assets. The impact of same store sales growth on restaurant profit was largely offset by higher commodity costs as well as higher occupancy and other costs.

Excluding the favorable impact from foreign currency translation, International Division operating profit increased 9%. The increase in International Division operating profit was driven by the impact of same store sales growth on restaurant profit and franchise and license fees as well as the impact of new unit development on franchise and license fees and restaurant profit. The increase was partially offset by the impact on restaurant profit of higher occupancy and other costs and the impact on operating profit of refranchising our restaurants in Puerto Rico.

China Division operating profit was basically flat as the impact of new unit development on restaurant profit and franchise and license fees was offset by the impact on operating profit of the mainland China ingredient issue.

Interest Expense, Net

	Quarter			Year to date		
	6/11/05	6/12/04	% B/(W)	6/11/05	6/12/04	% B/(W)
Interest expense	\$ 33	\$ 36	7	\$ 66	\$ 74	11
Interest income	(3)	(4)	19	(8)	(7)	24
Interest expense, net	\$ 30	\$ 32	10	\$ 58	\$ 67	14

Interest expense decreased \$3 million or 7% in the quarter and \$8 million or 11% year to date. The decreases were primarily driven by a decrease in our average interest rates primarily attributable to the pay-variable interest rate swaps entered into during the quarter ended June 12, 2004.

Income Taxes

	Quarter		Year to date	
	6/11/05	6/12/04	6/11/05	6/12/04
Income taxes	\$ 57	\$ 65	\$ 132	\$ 131
Tax rate	23.6%	26.8%	27.5%	29.1%

Our tax rate for the quarter was favorably impacted by the reversal of reserves during the quarter ended June 11, 2005 associated with audits that were settled as well as the impact on the full year effective tax rate of the recognition of certain foreign tax credits that we were able to substantiate during the quarter ended March 19, 2005. The tax rate for the quarter was unfavorably impacted by tax provided on foreign earnings we now expect to repatriate in 2005.

Our tax rate for the year to date was favorably impacted by the recognition of certain foreign tax credits that we were able to substantiate during the year as well as the impact of year over year valuation allowance adjustments, including the lapping of valuation allowances established in the prior year. The tax rate for the year to date was unfavorably impacted by tax provided on foreign earnings we now expect to repatriate in 2005.

Consolidated Cash Flows

Net cash provided by operating activities was \$605 million compared to \$390 million in 2004. The increase was primarily driven by lower income tax payments in 2005.

Net cash used in investing activities was \$140 million versus \$198 million in 2004. The decrease was driven by higher proceeds from the refranchising of restaurants and the sale of our investment in our Poland/Czech Republic unconsolidated affiliate in 2005.

Net cash used in financing activities was \$444 million versus \$199 million in 2004. The increase was driven by higher share repurchases and dividend payments in 2005.

Liquidity and Capital Resources

Operating in the QSR industry allows us to generate substantial cash flows from the operations of our company stores and from our franchise operations, which require a limited YUM investment. In each of the

last three fiscal years, net cash provided by operating activities has exceeded \$1 billion. These cash flows have allowed us to fund our discretionary spending, while at the same time reducing our long-term debt balances. We expect these levels of net cash provided by operating activities to continue in the foreseeable future. Our discretionary spending includes capital spending for new restaurants, acquisitions of restaurants from franchisees, repurchases of shares of our common stock and dividends paid to our shareholders. Though a decline in revenues could adversely impact our cash flows from operations, we believe our operating cash flows, our ability to reduce discretionary spending, and our borrowing capacity will allow us to meet our cash requirements in 2005 and beyond.

During the quarter and year to date ended June 11, 2005, we paid cash dividends of \$29 million and \$58 million, respectively. Additionally, on May 19, 2005, our Board of Directors approved a cash dividend of \$0.115 per share of common stock to be distributed on August 5, 2005 to shareholders of record at the close of business on July 15, 2005. The Company is targeting an annual payout ratio of 15% to 20% of net income.

Our primary bank credit agreement comprises a \$1.0 billion senior unsecured Revolving Credit Facility (the Credit Facility) which matures in September 2009. The Credit Facility is unconditionally guaranteed by our principal domestic subsidiaries and contains financial covenants relating to maintenance of leverage and fixed charge coverage ratios. The Credit Facility also contains affirmative and negative covenants including, among other things, limitations on certain additional indebtedness, guarantees of indebtedness, level of cash dividends, aggregate non-U.S. investment and certain other transactions as defined in the agreement. We were in compliance with all debt covenants at June 11, 2005.

Under the terms of the Credit Facility, we may borrow up to the maximum borrowing limit, less outstanding letters of credit. At June 11, 2005, our unused Credit Facility totaled \$739 million, net of outstanding letters of credit of \$196 million. There were borrowings of \$65 million outstanding under the Credit Facility at June 11, 2005. The interest rate for borrowings under the Credit Facility ranges from 0.35% to 1.625% over the London Interbank Offered Rate (LIBOR) or 0.00% to 0.20% over an Alternate Base Rate, which is the greater of the Prime Rate or the Federal Funds Effective Rate plus 0.50%. The exact spread over LIBOR or the Alternate Base Rate, as applicable, will depend upon our performance under specified financial criteria. Interest on any outstanding borrowings under the Credit Facility is payable at least quarterly.

Amounts outstanding under Senior Unsecured Notes were \$1.5 billion at June 11, 2005. During the quarter ended June 11, 2005, we began classifying \$200 million in Senior Unsecured Notes as short-term borrowings due to their April 2006 maturity date. The remaining \$1.3 billion in Senior Unsecured Notes comprise the majority of our long-term debt.

We estimate that in 2005 capital spending, including acquisitions of our restaurants from franchisees, will be approximately \$720 million. We also estimate that in 2005 refranchising proceeds, prior to taxes, will be approximately \$100 million, employee stock options proceeds, prior to taxes, will be approximately \$150 million and sales of property, plant and equipment will be approximately \$80 million. In May 2005, the Board of Directors authorized a new share repurchase program for up to \$500 million of the Company's outstanding common stock (excluding applicable transaction fees) to be purchased through May 2006. At June 11, 2005 we had purchased no shares under this program. Additionally, we had remaining capacity at June 11, 2005 to repurchase up to \$36 million of our outstanding common stock (excluding applicable transaction fees) under

our share repurchase program authorized in January 2005.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

The Company is exposed to financial market risks associated with interest rates, foreign currency exchange rates and commodity prices. In the normal course of business and in accordance with our policies, we manage these risks through a variety of strategies, which may include the use of derivative financial and commodity instruments to hedge our underlying exposures. We do not use derivative instruments for trading purposes, and we have procedures in place to monitor and control their use.

Interest Rate Risk

We have a market risk exposure to changes in interest rates, principally in the United States. We attempt to minimize this risk and lower our overall borrowing costs through the utilization of derivative financial instruments, primarily interest rate swaps. These swaps are entered into with financial institutions and have reset dates and critical terms that match those of the underlying debt. Accordingly, any change in market value associated with interest rate swaps is offset by the opposite market impact on the related debt.

At June 11, 2005 and December 25, 2004, a hypothetical 100 basis point increase in short-term interest rates would result, over the following twelve-month period, in a reduction of approximately \$7 million and \$6 million, respectively, in annual income before income taxes. The estimated reductions are based upon our current level of variable rate debt and assume no changes in the volume or composition of debt. In addition, the fair value of our derivative financial instruments at June 11, 2005 and December 25, 2004 would decrease approximately \$43 million and \$51 million, respectively. The fair value of our Senior Unsecured Notes at June 11, 2005 and December 25, 2004 would decrease approximately \$70 million and \$76 million, respectively. Fair value was determined by discounting the projected cash flows.

Foreign Currency Exchange Rate Risk

International Division and China Division operating profit together constitute approximately 43% of our year to date operating profit, excluding unallocated and corporate expenses. In addition, the Company's net asset exposure (defined as foreign currency assets less foreign currency liabilities) totaled approximately \$1.6 billion as of June 11, 2005. Operating in international markets exposes the Company to movements in foreign currency exchange rates. The Company's primary exposures result from our operations in Asia-Pacific, the Americas and Europe. Changes in foreign currency exchange rates would impact the translation of our investments in foreign operations, the fair value of our foreign currency denominated financial instruments and our reported foreign currency denominated earnings and cash flows. For the year to date ended June 11, 2005, operating profit would have decreased \$29 million if all foreign currencies had uniformly weakened 10% relative to the U.S. dollar. The estimated reduction assumes no changes in sales volumes or local currency sales or input prices.

We attempt to minimize the exposure related to our investments in foreign operations by financing those investments with local currency debt when practical and holding cash in local currencies when possible. In addition, we attempt to minimize the exposure related to foreign currency denominated financial instruments

by purchasing goods and services from third parties in local currencies when practical. Consequently, foreign currency denominated financial instruments consist primarily of intercompany short-term receivables and payables. At times, we utilize forward contracts to reduce our exposure related to these short-term receivables and payables. The notional amount and maturity dates of these contracts match those of the underlying receivables or payables such that our foreign currency exchange risk related to these instruments is eliminated.

Commodity Price Risk

We are subject to volatility in food costs as a result of market risk associated with commodity prices. Our ability to recover increased costs through higher pricing is, at times, limited by the competitive environment in which we operate. We manage our exposure to this risk primarily through pricing agreements as well as, on a limited basis, commodity future and option contracts. Commodity future and option contracts entered into by the Company that were outstanding at June 11, 2005 and December 25, 2004, did not significantly impact our financial position, results of operations or cash flows.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

The Company has evaluated the effectiveness of the design and operation of its disclosure controls and procedures pursuant to Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 as of the end of the period covered by this report. Based on the evaluation, performed under the supervision and with the participation of the Company's management, including the Chairman, Chief Executive Officer and President (the CEO) and the Chief Financial Officer (the CFO), the Company's management, including the CEO and CFO, concluded that the Company's disclosure controls and procedures were effective as of the end of the period covered by the report.

Changes in Internal Control

There were no significant changes with respect to the Company's internal control over financial reporting or in other factors that materially affected, or are reasonably likely to materially affect, internal control over financial reporting during the quarter ended June 11, 2005.

Cautionary Statements

From time to time, in both written reports and oral statements, we present forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. The statements include those identified by such words as may, will, expect, project, anticipate, believe, plan and other similar terminology. These forward-looking statements reflect our current expectations regarding future events and operating and financial performance and are based upon data available at the time of the statements. Actual results involve risks and uncertainties, including both those specific to the Company and those specific to the industry, and could differ materially from expectations. Accordingly, you are cautioned not to place undue reliance on forward-looking statements.

Company risks and uncertainties include, but are not limited to, potentially substantial tax contingencies related to the Spin-off, which, if they occur, require us to indemnify PepsiCo, Inc.; changes in effective tax rates; our debt leverage and the attendant potential restriction on our ability to borrow in the future; potential unfavorable variances between estimated and actual liabilities; our ability to secure distribution of products and equipment to our restaurants on favorable economic terms and our ability to ensure adequate supply of restaurant products and equipment in our stores; unexpected disruptions in our supply chain; effects and outcomes of any pending or future legal claims involving the Company; the effectiveness of operating initiatives and marketing, advertising and promotional efforts; our ability to continue to recruit and motivate qualified restaurant personnel; the ongoing financial viability of our franchisees and licensees; the success of our refranchising strategy; the success of our strategies for international development and operations; volatility of actuarially determined losses and loss estimates; and adoption of new or changes in accounting policies and practices including pronouncements promulgated by standard setting bodies.

Industry risks and uncertainties include, but are not limited to, business, economic and political conditions in the countries and territories where we operate, including effects of war and terrorist activities; new legislation and governmental regulations or changes in laws and regulations and the consequent impact on our business; new product and concept development by us and/or our food industry competitors; changes in commodity, labor, and other operating costs; changes in competition in the food industry; publicity which may impact our business and/or industry; severe weather conditions; volatility of commodity costs; increases in minimum wage and other operating costs; availability and cost of land and construction; consumer preferences or perceptions concerning the products of the Company and/or our competitors, spending patterns and demographic trends; political or economic instability in local markets and changes in currency exchange and interest rates; and the impact that any widespread illness or general health concern may have on our business and/or the economy of the countries in which we operate.

Report of Independent Registered Public Accounting Firm

The Board of Directors
YUM! Brands, Inc.:

We have reviewed the accompanying Condensed Consolidated Balance Sheet of YUM! Brands, Inc. and Subsidiaries (YUM) as of June 11, 2005 and the related Condensed Consolidated Statements of Income for the twelve and twenty-four weeks ended June 11, 2005 and June 12, 2004 and the Condensed Consolidated Statements of Cash Flows for the twenty-four weeks ended June 11, 2005 and June 12, 2004. These interim

condensed consolidated financial statements are the responsibility of YUM's management.

We conducted our review in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying interim condensed consolidated financial statements referred to above for them to be in conformity with U.S. generally accepted accounting principles.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the Consolidated Balance Sheet of YUM as of December 25, 2004, and the related Consolidated Statements of Income, Cash Flows and Shareholders' Equity and Comprehensive Income for the year then ended not presented herein; and in our report dated February 28, 2005, we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying Condensed Consolidated Balance Sheet as of December 25, 2004, is fairly presented, in all material respects, in relation to the Consolidated Balance Sheet from which it has been derived.

KPMG LLP
Louisville, Kentucky
July 18, 2005

PART II - Other Information and Signatures

Item 1. Legal Proceedings

Information regarding legal proceedings is incorporated by reference from Note 14 to the Company's Condensed Consolidated Financial Statements set forth in Part I of this report.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

The following table provides information as of June 11, 2005 with respect to shares of Common Stock repurchased by the Company during the quarter then ended:

Fiscal Periods	Total number of shares purchased	Average price paid per	Total number of shares purchased	Approximate dollar value of shares that
-----------------------	---	-------------------------------	---	--

		share	as part of publicly announced plans or programs	may yet be purchased under the plans or programs
Period 4				
3/20/05 - 4/16/05	2,089,100	51.58	2,089,100	301,116,977
Period 5				
4/17/05 - 5/14/05	3,311,300	47.96	3,311,300	142,307,377
Period 6				
5/15/05 - 6/11/05	2,092,040	50.78	2,092,040	536,083,851
Total	7,492,440	49.75	7,492,440	536,083,851

In May 2005, our Board of Directors authorized a share repurchase program. This program authorized us to repurchase, through May 2006, up to \$500 million (excluding applicable transaction fees) of our outstanding Common Stock. There have been no repurchases made under this program.

In January 2005, our Board of Directors authorized a share repurchase program. This program authorized us to repurchase, through January 2006, up to \$500 million (excluding applicable transaction fees) of our outstanding Common Stock. For the quarter ended June 11, 2005, all share repurchases were made under this program.

Item 4. Submission of Matters to a Vote of Security Holders

Our Annual Meeting of shareholders was held on May 19, 2005. At the meeting, shareholders:

- 1) Approved an amendment to the Company's Restated Articles of Incorporation to declassify the Board of Directors so that each director will stand for re-election on an annual basis and to provide that directors can be removed with or without cause.
- 2) Elected twelve directors to serve until the next Annual Meeting of Shareholders and until their respective successors are duly elected and qualified.
- 3) Elected four Class II directors to serve until their terms expire at the 2008 annual meeting of shareholders and elected one Class I director to serve until his term expires at the 2007 annual meeting of shareholders and until their respective successors are duly elected and qualified. This vote was necessary in the event shareholders did not approve the proposed amendment to the Company's Restated Articles of Incorporation as described in number 1.

- 4) Ratified the appointment of KPMG LLP as our independent auditors for the fiscal year ended December 31, 2005.

5) through 9) Rejected five shareholder proposals.

	For	Against	Abstain	
(1)	Amendment to Restated Articles of Incorporation			
	244,570,049	2,668,405	3,904,480	
(2)	Election of Directors			
	For	Withheld		
	David W. Dorman	236,852,229	14,290,705	
	Massimo Ferragamo	245,864,136	5,278,798	
	J. David Grissom	245,806,156	5,336,778

CERTIFICATION

I, David C. Novak, certify that:

1. I have reviewed this report on Form 10-Q of YUM! Brands, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant, as of, and for, the periods presented in this report.
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to

be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

- (b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent function):
- (a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Date: July 18, 2005
